The health and Safety of our guests are top priorities of Islands Restaurants. As part of our commitment to you, we have prepared this table of common food allergies in order to assist you with your menu choices. Please be aware that normal kitchen operations at Islands involve shared preparation and cooking areas. Due to these circumstances, we are unable to guarantee that any menu item can be completely free of allergens.

^{*}Potential fryer cross contamination.

This allergy data was prepared in May 2020. These suggested options are based solely on current ingredient information from our suppliers and their voluntary stated absences of allergens. From time to time we may have to substitute items due to an inventory shortage. Variations in serving sizes, preparation techniques, sources of supply, as well as regional and seasonal differences may affect the status of the data. This table excludes limited time offers, test products and regional items. We recommend alerting the manager to your food allergies so we can do our best to accommodate any requests. Due to the individualized nature of food allergies and food sensitivities, Islands cannot make recommendations to you. Please consult your physician. If you need further information or have suggestions, please contact Islands at (888) 476-4753.

^{*}Potential fryer cross contamination.

This allergy data was prepared in May 2020. These suggested options are based solely on current ingredient information from our suppliers and their voluntary stated absences of allergens. From time to time we may have to substitute items due to an inventory shortage. Variations in serving sizes, preparation techniques, sources of supply, as well as regional and seasonal differences may affect the status of the data. We recommend alerting the manager to your food allergies so we can do our best to accommodate any requests. Due to the individualized nature of food allergies and food sensitivities, Islands cannot make recommendations to you. Please consult your physician. If you need further information or have suggestions, please contact Islands at (888) 476-4753.
