

Recommended limits for a 2,000 calorie daily diet are 20 grams of saturated fat and 2,300 milligrams of sodium. There may be variations in nutritional content across servings, based on variations in overall size and quantities of ingredients and based on order customization. Nutritional information includes standard sides unless otherwise indicated. This nutritional information is solely based on the estimated database analysis using available standard USDA ingredients or specific brand name ingredients that are contained within our outside laboratories' computer database programs. Some nutritional values may vary depending on the exact ingredients and specific brand name ingredients that are used to produce this food product. Variation in serving sizes, preparation techniques, product testing and sources of supply, as well as regional and seasonal differences may affect the nutrition values for each product. You should expect some variation in the nutrient content of the products purchased in our restaurants. None of our products are certified as vegetarian. This nutritional information is current as of APRIL 2024. Islands Restaurants, LLC, will update and revise the information periodically to reflect changes in ingredients and the addition or removal of products from our menu.

Recommended limits for a 2,000 calorie daily diet are 20 grams of saturated fat and 2,300 milligrams of sodium. There may be variations in nutritional content across servings, based on variations in overall size and quantities of ingredients and based on order customization. Nutritional information includes standard sides unless otherwise indicated. This nutritional information is solely based on the estimated database analysis using available standard USDA ingredients or specific brand name ingredients that are contained within our outside laboratories' computer database programs. Some nutritional values may vary depending on the exact ingredients and specific brand name ingredients that are used to produce this food product. Variation in serving sizes, preparation techniques, product testing and sources of supply, as well as regional and seasonal differences may affect the nutrition values for each product. You should expect some variation in the nutrient content of the products purchased in our restaurants. None of our products are certified as vegetarian. This nutritional information is current as of APRIL 2024. Islands Restaurants, LLC, will update and revise the information periodically to reflect changes in ingredients and the addition or removal of products from our menu.

Recommended limits for a 2,000 calorie daily diet are 20 grams of saturated fat and 2,300 milligrams of sodium. There may be variations in nutritional content across servings, based on variations in overall size and quantities of ingredients and based on order customization. Nutritional information includes standard sides unless otherwise indicated. This nutritional information is solely based on the estimated database analysis using available standard USDA ingredients or specific brand name ingredients that are contained within our outside laboratories' computer database programs. Some nutritional values may vary depending on the exact ingredients and specific brand name ingredients that are used to produce this food product. Variation in serving sizes, preparation techniques, product testing and sources of supply, as well as regional and seasonal differences may affect the nutrition values for each product. You should expect some variation in the nutrient content of the products purchased in our restaurants. None of our products are certified as vegetarian. This nutritional information is current as of APRIL 2024. Islands Restaurants, LLC, will update and revise the information periodically to reflect changes in ingredients and the addition or removal of products from our menu.

This Nutrition data was prepared on APRIL 2024, by FH Nutrition. This data has been determined solely based on the recipes, yields, and ingredient specification sheets provided to us by ISLANDS RESTAURANT. Fast & Healthy Nutrition is not responsible for the accuracy of the recipes or the information contained on the ingredient specification sheets that were supplied to us for any of the recipes listed in this document. As requested by Islands Restaurant, we have conducted a computer database nutrition analysis for the menu items above. This is an estimated analysis using the current available standard USDA ingredients or the specific brand name ingredients that are contained within the computer database program we use. Some nutrition values may vary depending on the exact ingredients and specific brand name ingredients that are used to produce this menu item. This data is solely based on the current recipes and ingredients at the time this nutrition analysis was conducted. Please check with the store's manager or Islands Restaurant to confirm if the recipes or ingredients have been changed after this date of this analysis.
